Dear Mr. Mullen:

On behalf of Saratoga Bridges, I want to express our great appreciation to the entire Eagles Club for one again graciously donating \$850 for the 2009 Harvest Ball. It was a wonderful affair and a resounding success!

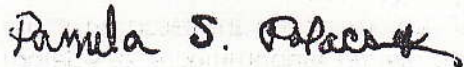

As in the past 4 years, we held the event at the Saratoga Springs City Center on Sunday, October 18th. The venue has proven to be the best for our group of 330 guests because it has ample square footage to accommodate tables, seating, a stage for the band, a dance floor and accessibility. It also gives us breakout space for the photographer to take candid photos (always a big hit) and for a private repositioning room. We utilized The Saratoga Springs Holiday Inn as the caterer and they prepared and served a delicious dinner.

I want to personally recognize your Bob Stanford, who as a member of your club and an excellent employee of ours, always takes it upon himself to secure the donation for us. He continues to be willing to represent our mission to you and for that we are extremely grateful! Any funds that we are able to raise for the Harvest Ball ultimately lower the price of each individual ticket and the events' dependence on the agency to absorb the related expenses.

Our individuals had a fabulous evening and for us that is the most important part of putting it on. They wait all year long with much anticipation and have already starting asking the date for next year.

Again, we are grateful to the Eagles Club for your generous gift and all of your ongoing support of our agency.

Sincerely,
