

# Webmaster's Monthly

## Greetings New Readers...

After the Newsletter Signup was added, a flood of new people signed-up for this newsletter. Thank you for your interest. As an introduction to you, this newsletter will primarily deal with the CMS system, a set of free online tools that let you create Aerie, Auxiliary, or internal club/group websites. If you are not on the CMS and would like to make a website for your organization, please contact Dustin Stacey at [dstacey@foe.com](mailto:dstacey@foe.com).

For clarification I will not cover any information on the MMS system.

## Web Server Change...

On February 27, 2009 the Grand Aerie contract with CI Host, the webhost for the old Web site and many of the local Web pages built with FrontPage will be terminated. Due to increasing number of technical issues, the lack of support for FrontPage extensions provided by Microsoft and the new server and site building tools, it was determined that the server contract would not be renewed.

The Grand Aerie is working to support any Webmaster interested in converting their site to the new tools with training sessions, guidebooks and more. We highly encourage Webmasters hosting sites on the old server begin making the transition to a new Web site because after February 27, the old sites will no longer be available.

## Notice:
