Web Server Change...

On February 27, 2009 the Grand Aerie contract with CI Host, the webhost for the old Web site and many of the local Web pages built with FrontPage will be terminated. Due to increasing number of technical issues, the lack of support for FrontPage extensions provided by Microsoft and the new server and site building tools, it was determined that the server contract would not be renewed.

The Grand Aerie is working to support any Webmaster interested in converting their site to the new tools with training sessions, guidebooks and more. We highly encourage Webmasters hosting sites on the old server begin making the transition to a new Web site because after February 27, the old sites will no longer be available.

Tip of the Month:

Bulk Upload:

A bulk upload feature is new available in the CMS system. This will allow you to upload multiple files in one transaction.

To use bulk upload, select your site. Hit the "Upload Files" button. Select, highlight, all of the files you want to upload. Hit open. Your files will be transferred to your default directory.

Tip: Remove spaces and special characters from your filenames before upload. Special characters are anything that is not a number, letter, hyphen, or underscore.

Updates:

- Bulk Upload
- Evergreen Theme
- Winter Theme

Site of the Month...

Due to the increasing number of sites I am opening the door for you to nominate those sites that you think are spectacular.

To nominate your favorite send an e-mail to dstacey@foe.com
