

Webmaster's Monthly

Our State...

As I go through the sites on the new system, I can see how much work has been put into them. Many sites are nearing completion. Home tabs have intros, News tabs have newsletters, Officers tabs have, well, officers, but there is one tab that webmasters appear to be avoiding... Our State.

If you are being shy about the Our State tab, here are some ideas of what to put there:

- state information (such as population, history, state bird, state song, and a map)
- events your group is involved in within your state
- links to your State Aerie/Auxiliary (website, state newsletter, or message from the state president).
- links to other informative websites (Wikipedia, state government websites, census)

Thank you for all of your hard work.

If you have an Our State page everyone needs to see send a link to dstacey@foe.com.

Site of the Month...

This month's site is: Pomona #2215: 2215.foe.com

The site is complete; Every tab has content. The pages are clean and concise. The Charity page and the Our State page are both good uses for the tabs. Well done Pomona.

If you have a site that is a must see. Please send the site name to dstacey@foe.com.
