British Columbia Eagle Raises $26,220.55 In Honor of Mother

Past British Columbia Provincial Worthy President Eric Harry knows firsthand the difficulties caused by Alzheimer’s. When his mother, Grace, was diagnosed with the disease, Eric was by her side, caring for her as best he could.

Grace attended Good Samaritan’s Adult Day Program at the Village By The Station, a local senior living community, eventually moving into one of the Village’s dementia cottages. The amount of love and care provided to Grace as a member of the Program, and later as a resident of the Village, overwhelmed Eric and inspired him to use his platform with the Fraternal Order of Eagles to give back to the organization that had given so much to his family.

When Eric was chosen to serve as the 2013-2014 B.C. Provincial President, he was motivated to make a difference and help ease the suffering of dementia residents at the Village as best he could. He reached out to staff with a simple question – “What piece of equipment could truly impact and improve quality of life for the folks living here?”

The Village was in need of a bladder scanner. At the time, residents facing bladder issues had no recourse but...

_The American Eagles are not just mere birds of biological interest but a symbol of our free way of life. We want to prevent them going the way of the dodo and the dinosaur. That sums up the Fraternal Order of Eagles motivation in taking on the “Keep ’em Flying” program. Plus, of course, the fact that the bald eagle is the proud emblem of our Order as well as that of our country._

This Eagle conservation project has completed the first leg of a five-year goal. Undertaken with the National Audubon Society, the program is based on a continent-wide survey and research project to save the American bald and golden eagle from extinction.

In a mailing to all Aeries and Auxiliaries, Eagles were asked to pass a resolution supporting legislation extending support of the existing Bald Eagle Act of 1940 to include the golden eagle. Members were urged to contact their United States Senators, urging support of this legislation.

In British Columbia, incidentally, such legislation is in force. Some Eagle members on Vancouver Island lend their services to the Audubon Society of British Columbia as bird watchers.

Senate Joint Resolution 105 was introduced by Senator Ralph W. Yarborough of Texas, an Eagle. Eagle Senator Warren G. Magnuson (Wash.) chairman of the Senate Committee on Commerce in June appointed a subcommittee to consider the bill. Yarborough was named chairman of the subcommittee with Senator Kenneth B. Keating (N.Y.) a co-sponsor and Senator Clair Engle (Calif.) members. The subcommittee report was favorable to the bill, which will now be placed before the Senate.

A Grand Aerie check for $5,000 was sent to the National Audubon Society in April. As of mid-July, 169 Aeries and two State Aeries and one personal gift contributed a total of $1,856.29. Four State Auxiliaries and 356 Auxiliaries donated $2,355, making a total of $4,211.29 in Eagle donations toward the project. The first Auxiliary contribution came from Canonsburg, Pa., and Boonville, Ind., sent in the first Aerie donation. A handsome certificate of appreciation has been sent to all contributors.

Through the “Keep ’em Flying” program, the Eagles will share in the financing (to the extent of at least $5,000 a year for five years) of a study of bald eagles habitat undertaken by the Audubon Society.

In commending the Bald Eagle project, President J. F. Kennedy (our fifth Eagle U.S. President), said: “The founding fathers made an appropriate choice when they selected the Bald Eagle as the emblem of our nation. The fierce beauty and proud independence of this great bird aptly symbolize the strength and freedom of America. But as latter day citizens we shall have failed a trust if we permit the Eagle to disappear . . . . I commend the Bald Eagle project undertaken by the National Audubon Society and its associates.”

to visit a local hospital to receive the necessary scan. For patients suffering from dementia, hospitals often create stress, confusion and fear that comes of being subjected to an unknown environment. Eric decided to dedicate his year to raising the $18,600 necessary to purchase the scanner and eliminate the unnecessary stress which burdened the men and women suffering from dementia at the Village.

At each stop during his year as President, Eric shared his story with fellow Eagles, explaining his experience with his mother, things he had witnessed firsthand at the Village and how, with the kindness and generosity of the Eagles, many difficulties could be alleviated.

Often with a tear in his eyes, Eric asked others to help make life better for those suffering. The Eagles of British Columbia responded in full force. Countless raffles, bingos, burger sales, meat draws, bottle drives and more were held to help raise money to purchase the bladder scanner.

Money began to pour in - $1,000 from Vernon, Prince George, Rossland, Vancouver, North Vancouver, Port Alberni, Chemainus, Ladysmith, Trail and New Westminster; $1,050 from Cranbrook; $300 from Parksville; $250 from Duncan; $500 from Victoria; $200 from Nanaimo; $100 from Kamloops and Mainland Zone; $750 from Maple Ridge; $885 from Abbotsford; $2,000 from Hope; $4,665.55 from the British Columbia Provincial Aerie and an astounding $5,400 from Eric’s own Aerie, Penticton.

When all was said and done, $26,220.55 had been raised for the bladder scanner, greatly exceeding the cost of the device. The remainder of the funds raised will be put toward new bathtubs for the dementia cottages at the Village.

Thanks to Eric Harry and the men and women of the British Columbia Provincial Eagles, the citizens of Penticton now truly know the power of People Helping People.
